(124,BOS,S) September, 1995, p.58

This study examines the revenue potential of County-owned real property assets. In it, an earlier Chief Administrative Office study on the subject is reviewed and critiqued. New recommendations are also made for the goal of achieving long-term savings. It concludes that several immediate actions are required, including adopting clear asset management goals, developing a strategic plan developing an information system for ready access to holdings information, and effecting changes in Federal, state and local statutes regarding County control over its real assets.

(123,BOS,R) August, 1995, p.32

This report provides a discussion of the Commission’s position on the appropriateness of actions proposing the transfer of human resource functions to the Department of Human Resources (DHR). The report makes alternative recommendations to increase the effectiveness of the Department and the County organizational structure. The issue is how best to utilize the services of the DHR within the County structure.

(122,BOS,R) June, 1995, p.44

This report considers the current operations of the Internal Services Department (ISD) in light of recommendations made by the Chief Administrative Office and provides the Board of Supervisors with an analysis of the appropriateness of the recommendations being proposed. Where the Commission felt it necessary, alternative or additional recommendations were made to increase the effectiveness of the department and the County organizational structure. Emphasis is placed on the most appropriate structure with which to accomplish the functions currently assigned to ISD.

**RISK MANAGEMENT AND LIABILITY COST STUDY FOLLOW-UP**

(121,BOS,R) May, 1995, p.29

A follow-up to a 1993 study (Reference: #114), this report reviews documentation obtained from other recommendations made in that earlier study. In this report, 14 additional recommendations are offered to improve program efficiency and reduce County costs.

It makes 37 recommendations to improve the operations and management of the museum. These recommendations are made to improve efficiency, reduce County costs and increase revenue possibilities.

**THE MANAGEMENT OF JURIES WITHIN LOS ANGELES COUNTY**

(119,BOS,S) December, 1994, p.46

This report identifies the concerns of the citizens of the County over performing jury duty. It outlines the Commission's position that the performance of this duty is critical to our system of justice and the Courts. The County must ensure that anyone performing such a service is treated with the utmost respect and provided adequate facilities to fulfill this responsibility. It includes 36 recommendations designed to foster appreciation of jurors. Without improvements to the system, fewer end fewer citizens will be willing to perform this vital duty. This action would be to the detriment of the justice system and those who do fulfill this duty.
This report catalogued and summarized Commission publications since its inception in 1965. It listed 104 publications which included 79 classified as reports, 5 as results of this study identified revisions and modifications studies, 13 as letters and 7 as position papers. 71 had been initialed by the Board of Supervisors and 33 by the Commission.

A MODEL TO EVALUATE THE PERFORMANCE & OBJECTIVES OF LOS ANGELES COUNTY COMMISSIONS, COMMITTEES & TASK FORCES

This report was undertaken in response to a request by the Board of Supervisors to evaluate the performance and objectives of the commissions, committees and task forces defined under Chapter 1 and Chapter 4 of the Los Angeles County Committee Book. The report presents the requested methodology and ten recommendations the Commission feels will significantly improve the manner in which these entities are created and structured, and how they operate.

LEGISLATIVE REFORM: ADDRESSING CRITICAL ECONOMIC ISSUES

This update on a 1993 report (Reference:#111) offers recommendations designed to improve the County and the State's business climate through sound legislative reform without the imposition of unnecessary taxes on Californians or California businesses. This report summarized the Commission's actions in 1993, concluding that it was one of its most productive years on record. In addition to several administrative achievements, the Commission completed a report on pension restructuring, managed and supported the development of an independent counsel opinion and completed two other major studies within budget.

LOS ANGELES COUNTY RISK MANAGEMENT PROGRAM REVIEW

This study offers a set of recommendations designed to achieve millions of dollars of cost savings in the risk management program of the County of Los Angeles. The results of this study identified revisions and modifications to program elements that would achieve significant efficiency and cost improvements. This study is supported by contracted work on this topic by McGladrey & Pullen.

A STRATEGY TO REDUCE RETIREMENT COSTS WITHIN LOS ANGELES COUNTY

This study examines the viability of measures to cap or reduce the County's liability to the pension system. This is achieved by freezing or reducing the cash available option in cafeteria-style flexible benefit plans. The Commission report makes recommendations to revise pension procedures, and reviews alternatives. It recommends an examination of the County's cafeteria benefit plans to achieve improvements enhancing equity, and reducing costs without reducing the employee's ability to obtain -late benefits, or the County's ability to attract and retain qualified personnel. The study is supported by a W.F. Corroon, Inc. study, entitled Development of Los Angeles County Cafeteria Plan Design Strategies to Reduce Retirement Costs. This study incorporates a legal opinion prepared by independent counsel.

A REVIEW OF ACTIONS TAKEN BY LOS ANGELES COUNTY ON PROPOSITION "A" CONTRACTING REQUIREMENTS

The Board of Supervisors requested that the Commission review and report on County Proposition "A" contracting guidelines. The Commission reviewed implementing instructions issued by the CAO to ascertain their impact on the contract evaluation process. In addition, the study contributes to the process of evaluating both contractor and County management performance.

COUNTY BUDGET AND ECONOMIC GROWTH

This letter from the Commission to the Board of Supervisors sets forth various means to improve the economic environment through growth, rather than by increasing revenue from additional taxes. These
alternatives include workers’ compensation insurance reform, civil litigation reform and permit streamlining, specifically in environmental regulation. The Commission recommended that the Board support identified pending state legislation and offered a strategy to address relevant issues. The Board passed a motion in May, 1993 urging the Governor and legislative leaders and conferences to agree to strong and meaningful reforms.

(107, COM, R) July, 1992, p.37

This report was designed to improve the ability of the citizens of Los Angeles County to understand and access the workings of County government. Recommendations address concerns such as, the inadequate notice of the issues to be considered by the Board, the difficulty in understanding the proceedings and clarifying decisions that have been made at Board meetings. The report concludes that the Board staff fulfills the present legal access requirements but that these requirements are not sufficient to ensure the public’s ready access to government’s decision making.

CIVIL DISTURBANCE

106, COM, L May, 1992, p.2

A letter to the Board recommended actions that the Board a pension follow-up study, Proposition A, Department of should take, in terms of government operations, to deal with the root causes of the civil disturbances and ensure that this outbreak of violence does not recur.

REAL PROPERTY MANAGEMENT & DEVELOPMENT IN LOS ANGELES COUNTY

104, COM, R) August, 1991, p.64

The Commission reviewed Los Angeles County’s management of its real property assets. Los Angeles County is a leader in developing its most valuable real property assets to produce additional revenue. However, improvements can be made by adopting a more comprehensive system which clearly states the Board’s objectives and, by applying economic incentives to improve management of its other real property assets. This report recommends the adoption and issuance of a policy statement for a comprehensive real property management program; and, the establishment of a Real Property Management Steering Committee.
REPORT OF THE TASK FORCE ON SUNSET ALTERNATIVES

(103,BOS,R) June, 1991, p.37

As a result of the CAO's guidelines for County Committees and Commissions, the Economy & Efficiency Commission recommended a sunset review date and included a study of its operations. The report reviewed the mission of the Commission, its effectiveness, and its recommendation to continue its operations. The report recommended that the Board continue the Commission as constituted with defined mission and roles. The Commission should adopt and observe methods of controlling its priorities. The report urged the Board to provide the Commission with staff and a budget to support its efforts.

SECURITY SYSTEMS IN LOS ANGELES COUNTY GOVERNMENT

(102,BOS,R) October, 1990, p.20

The Commission, in consultation with the Sheriff and the Director of ISD, studied the County's security systems. The purpose was to better coordinate the County's security operations, and to implement an integrated County-wide security system. The report recommended that the Board establish and fund the office of County Security Program Management assigned to the CAO. The office should be staffed by security professionals. The lead position should have management experience in the security profession. The Board should direct the CAO and the County Security Program Manager to perform six outlined tasks in the study within 12 months of the manager's appointment.

REPORT ON THE EXECUTIVE STRUCTURE OF LOS ANGELES COUNTY GOVERNMENT

(101,COM,R) July, 1990, p.62

This report concerns the Charter Amendments for the November, 1990 ballot. The Commission recommends that the Board submit a Charter amendment to the voters at the November 1990 election, creating the position of County Manager and restructuring the duties of County officials; and, that the Board place a Charter amendment at the same general election to provide for the employment and Department Managers (except in departments headed by elected officials) as employees in the unclassified services. NOTE: ACCOMPANYING 10 PAGE BOARD LETTER IS ATTACHED AT THE END OF THIS REPORT.
Because of the Board's interest in reducing the number of departments reporting to it, and the Commission's earlier suggestion that current department head vacancies might provide opportunities for reorganization, the Board authorized, among other things, a joint project between the Commission and several departments to undertake a study of those departments.

Volume II contains various working papers, data and other materials that the task force reviewed in the course of preparing this report.

This report is a continuation of the Commission report, \textit{Decision-Making and Organization - Los Angeles County} (Reference: \#83). Volume I summarizes the Commission's recommendations to improve services. The report recommended that the Board: reorganize the County departmental structure for delivering protective services; reorganize the system of multi-jurisdictional councils working in fields affecting children's welfare; specify by ordinance the scope and role of the Children's Advisory Commission; focus accountability for the results of County social services for children and families in a single individual; and, curtail the potential for future actions which might tend to increase fragmentation, duplication, or confusion.

This report recommends that the Board direct the CAO: develop and implement new contracting goals and programs; work with department heads to revise the County's approaches to writing requests for proposals; develop and implement improved methods of managing employee impact to achieve maximum savings from contracting; consolidate some incentive programs into a comprehensive program; and implement a single policy governing all forms of County contracting.

This report is the third in a series reviewing the County's progress implementing the overall program as adopted by the Board concerning the recommendations made in the Commission report, \textit{Decision-Making and Organization - Los Angeles County Government} (Reference: \#86). The Commission concluded that the program is working, as intended and that there has been an increase of cooperative efforts among County departments to meet security needs which require immediate attention. This is primarily true within the courthouse facilities. A resource library was established with information on vendors and prices of security equipment and services, review procedures have been implemented, and interdepartmental planning efforts, as the Civic Center Security Committee and the Committee of Departmental Security Chiefs, have been revitalized.

The Board modified the case processing procedures of the Regional Planning Commission to permit certain cases to be considered by a hearing officer employed by the Department of Regional Planning rather than by the Regional Planning Commission. In its report, the Economy Efficiency Commission discussed the effectiveness of the new procedures. The Commission concluded that the hearing officer system was a sound improvement over the
prior method of hearing cases. The Commission recommends that the Board continue the case processing procedure and direct the Director of Regional Planning to work with the Commission to increase the scope and rate of deliberations on County-wide planning and policy issues.

IMPLEMENTATION COUNTY REORGANIZATION AND SYSTEMS IMPROVEMENTS: AGRICULTURAL COMMISSIONER/WEIGHTS AND MEASURES

(90.BOS,L) June, 1988, p.11

This letter to the Board reviewed the results of the Department of Weights and Measures with the Agricultural Commissioner following the Commission study, DECISION-MAKING AND ORGANIZATION IN ANGELES COUNTY GOVERNMENT- VOLUME I, (Reference: #83). The letter discussed the improved efficiency of fee collection, reduction of management positions, improvement of personnel management, increased automation, cross-training of inspectors and productivity improvements. The letter also recommended that the Board direct the Agricultural Commissioner and the CAO develop and implement a plan for reorganization and training, and establish annual goals for efficiency and effectiveness.

IMPLEMENTATION OF COUNTY REORGANIZATION AND SYSTEMS IMPROVEMENTS

(89,BOS,L) December, 1985, p.14

The Commission's letter to the Board concerns the progress of the CAO in implementing the recommendations of the Commission study, DECISION-MAKING AND ORGANIZATION - LOS ANGELES COUNTY GOVERNMENT - VOLUME I. (Reference: #83). The letter recommended that the Board adjust the priority of implementation of the Commission's 1983 recommendations, and that the CAO should have a systematic plan and approach to county-wide management issues and systems each year.

MEDICAL EXAMINER/CORONER

(88.BOS.R) June, 1985, p.4

The Board instructed the CAO and the Commission to review the study by Carol Beck, et al, MORALE AND MOTIVATION IN THE COUNTY MORGUE and to make short-term and long-term recommendations. The report stated that the Medical Examiner had taken actions to relieve the deterioration in morale that occurred following reorganization. The Commission's report makes three recommendations: Los Angeles County’s Medical Association and Bar Association request their appropriate committees to investigate public policy on transplants and tissue harvesting, to recommend actions as appropriate to local governments and the Legislature; and, to suggest that the Medical Examiner consider alternative means to decentralize autopsy and related functions, using the resources of County or other hospitals within the region.

SECURITY SYSTEMS IN LOS ANGELES COUNTY GOVERNMENT

(86,BOS,R) October, 1984, p.14

The Commission analyzed the possibility of consolidating all security functions throughout the various departments in order to coordinate security functions. The Commission evaluated the County's existing security program from two perspectives: effectiveness and efficiency. In the absence of standards for effectiveness and of comparative date on success, the Commission focused its analysis on the questions of efficient management systems. There is evidence of problems in the delivery of security services. The Commission's central conclusion is that the problems are attributable to the absence of standards.

DECISION MAKING AND ORGANIZATION - LOS ANGELES COUNTY GOVERNMENT - VOLUME III

(85,BOS,R) June, 1983, p.94

Volume III is the report of the field study team from the UCLA Graduate School of Management. The economic impacts of reorganizing the seven general services departments into a single consolidated entity are examined. The report finds that there are substantive economies of scale possible through consolidation.
DECISION MAKING AND ORGANIZATION - LOS ANGELES COUNTY GOVERNMENT - VOLUME II

(84,BOS,R) June, 1983, p.213

Volume II contains an expanded summary of conclusions and recommendations, followed by a detailed description of the current structure, its problems, major alternatives for reform, and the Commission's preferences. The subject of this report is the executive organization of Los Angeles County government. It discusses problems of County performance, which are attributable to its executive structure and decision-making processes. The feasible approaches to resolving those problems were evaluated, and the Commission recommend that the Board adopt policy objectives directed to resolving these problems. The Commission also proposed a strategy for improving the performance of the County system.

INVENTORY AND MATERIALS MANAGEMENT

(81,BOS,R) January, 1982, p.5

The Commission reviewed the County's System of inventory control and materials management to determine and what changes would reduce losses of equipment and supplies while controlling County susceptibility to theft or other sources of loss. The report recommended that each department head enforce compliance with current procedures. The CAO should continue to initiate planning efforts in regard to warehousing and inventory control systems with the Purchasing Agent and the Department of Data Processing.

REPORT ON THE COURT SYSTEM - LOS ANGELES COUNTY

(80,BOS,R) October, 1981, p.89

The Commission was directed to conduct an analysis of court congestion and delay. The Commission noted that the main issues were: to find ways to increase court system resources, increase coordination between the Board and the judiciary in seeking local initiatives to reduce costs, improve cost control, and develop alternatives to present methods of resource allocation. Recommendations are made under five categories: joint action-judiciary & the Board of Supervisors, system financing, system structure, economic incentives and legal procedures.

SELECTED CURRENT CIVIL SERVICE ISSUES

(79.BOS,R) July, 1980, p.70

This report is the first in a series of subjects on the employment system and organizational development. The Board referred a report by Local 000 of SEIU along with recommendations to the Commission, which alleged that the Civil Service Commission operates ineffectively. The Commission report addresses new civil service rules and operations of the Civil Service Commission. While the report does not contain a complete analysis of the details in the proposed new rules, it reflects final conclusions and recommendations on those issues closely connected to effective management end incentives.
ATTACHMENT B - REPORT ON THE ECONOMY 
EFFICIENCY COMMISSION 

(78,COM,R) June, 1980, p.22

This report describes the Commission's operation, reports and recommendations (47 major reports resulting in 215 recommendations, of which 172 were approved by the Board of Supervisors), and gives a brief synopsis of the Commission's reports and implementation of recommendations.

PROPOSITION 13 IN LOS ANGELES COUNTY - BEFORE AND AFTER 

(77,COM,R) February, 1980, p. 87

The objective of the Commission's report was to review the actions taken by County government since 1976 in response to community pressure for cost reduction and the effects of those actions both before and after Proposition 13. The report concluded, that the radical cost reductions envisioned by Howard Jarvis and his supporters cannot be accomplished within the framework of current intergovernmental structure and policy. Cost reduction of sufficient magnitude will require re-evaluation of public policy and change of the intergovernmental structure. The report also documents the severe financial effects finance specifying criteria for entering into contracts and Proposition 13 has had on County government.

CONTRACTING FOR SECURITY SERVICES 

(76,BOS,R) September, 1979, p.37

This report is the first in a series on the potential utility of contracting to improve the cost-effectiveness of County operations. The Board of Supervisors established the Contract Services Advisory Committee to develop a list of areas addressed County services being considered for outside contracting and to work with the Auditor-Controller to develop measures of County cost which are comparable with that if the recommendations were implemented effectively, contracts. The Committee reviewed all County operations, the County ordinance on contracting, and cost accounting methods. Sub-committees were formed on custodial services, data processing, health services, and Mechanical Department services.

CHALLENGE FOR THE 1980's: CAN WE GOVERN OURSELVES? 

(75,BOS,R) January, 1979, p.135

This report is an expansion of the Commission’s previous study. IMPACT OF NEW 

COUNTY FORMATION, (Reference: $70). This report expanded the analysis in a number of areas and modified conclusions previously made. The study is divided into four major sections: the current system of governments (in the Los Angeles metropolitan area and the problems which the present structure creates), alternative solutions (the procedures involved in changing the present structure, the parties involved in making changes), the proposed structure, and Commission recommendations. The Commission proposed a federated system of government consisting of community-based city governments to provide local government services and regional government to address area-wide problems. This also provides consolidated services to cities upon request.

STATEMENT ON COUNTY PROPOSITION "A" 
CONTRACTING WITH PRIVATE FIRMS 

(74,COM,P) October, 1978, p.7

The Commission conducted an analysis of Proposition "A" which permits the County to contract for services with private firms when contracting would be more economical and efficient than using County employees. The Commission endorsed this measure. The measure improves accountability of County government and increases the cost-effectiveness and responsiveness of County government. The measure required the County to adopt an ordinance specifying criteria for entering into contracts and to use competitive bidding procedures for awarding contracts.

COST REDUCTION IN LOS ANGELES COUNTY GOVERNMENT 

(73,COM,R) August, 1978, p.16

This report contains seven recommendations directed toward reducing the cost of County government and improving its efficiency and effectiveness. The principal areas addressed are user fees, Sheriff-Marshal consolidation, automatic step increases, supervisory costs, craft wages and Commission stipends. The report sites that if the recommendations were implemented effectively, County expenditures would be reduced by approximately $102 million dollars annually.

REPORT ON THE ECONOMY & EFFICIENCY COMMISSION 

(72,COM,R) July, 1978, p.18

Since its creation, the Commission has conducted 43 major reports, resulting in 201 recommendations of which, 159 were approved by the Board. Six County Charter amendments were approved by the voters. This report summarizes the contents of the Commission’s reports and comments on the action taken.
STATEMENT ON PROPOSITION 8 AND SENATE BILL 1, THE BEHR BILL

(71,COM,P) May, 1978, p.4

The Commission supports Proposition 8, which would implement the property Tax Relief Act of 1978 (the Behr Bill). The Commission did an analysis on the proposition and the Behr Bill and concluded that Proposition 8 and the Behr Bill are responsible and effective measures.

IMPACT OF NEW COUNTY FORMATION

(70,BOS,R) May, 1978, p.53

The Commission's report involved AB 333, legislation which would divide the County into two or more counties, and on the various secession movements now taking place or under consideration concerning Los Angeles County. This study contains conclusions and recommendations on the issue of secession. In the second part of the report CHALLENGE FOR THE 1980'S: Can We Govern Ourselves? (Reference: #75), the Commission evaluates legislative division of the County, consolidation proposals and other alternatives.

STATEMENT ON PROPOSITION 13, THE JARVIS-GANN INITIATIVE

(69,COM,P) April, 1978, p.13

The Commission did not support this initiative. The Commission concluded that Proposition 13 would not achieve the tax relief and expenditure reform, it claims, but instead would bring severe tax inequities, serious economic dislocations and government by the courts.

STATEMENT ON PROPOSED COUNTY CHARTER AMENDMENT "A" DELETION OF THE PREVAILING WAGE CLAUSE

(68,COM,P) April, 1978, p.4

The Commission supported this amendment, which would end the requirement that the County pay salaries or wages at least equal to those prevailing in the private sector. The Commission believes the prevailing wage clause to be outmoded making the County system restrictive and inequitable. By deleting the cause, County management and labor could reach agreements which are fair, competitive and within the taxpayers' ability to pay.

THE LOS ANGELES COUNTY BUDGET--SELECTED ISSUES AND RECOMMENDATIONS

(67,COM,R) June, 1977, p.62

The Commission studied three areas of public policy that have a significant impact on the County budget: Board control of County expenditure, policy impact on the budget, and major policy areas established by the Board.

REQUEST FOR LEGISLATION PROVIDING FOR THE APPOINTMENT OF 34 ADDITIONAL SUPERIOR COURT JUDGES

(66,BOS,R) April, 1977, p.7

The Superior Court requested the Board to appoint 34 additional judges. The Commission analyzed the request and recommended that the Board reject the Superior Court's request for the additional judges due to fiscal crisis and the increased costs of expenditures. The report suggested the court seek to improve procedures and expedite cases in order to maintain expenditures at the present level.

RECOMMENDATIONS ON THE PREVAILING WAGE CLAUSE AND THE AUTOMATIC SALARY STEP INCREASE PLAN

(65,COM,L) February, 1977, p.2

This letter recommends that the Board of Supervisors place a charter amendment on the ballot to delete the prevailing wage clause. It further recommends that the Board adopt a firm management objective to eliminate the County's automatic step increase plan. The Commission had called for the deletion of the prevailing wage clause since 1973.

OPERATION OF THE WEST LOS ANGELES COUNTY RESOURCE CONSERVATION DISTRICT

(64,COM,L) December, 1976, p.5

Letter to the Board of Directors of the West Los Angeles Commission believes the prevailing wage clause to be County Resource Conversation District, regarding the future management of the district.

FORMATION OF CANYON COUNTY

(63,COM,R) October, 1976, p.23

This report examined Proposition "F" which was on the November, 1976 ballot. The measure proposed a triangular section in the northwest corner of Los Angeles County
succeed and form a new county called Canyon County. The report discussed the impact on residents of the proposed Canyon County, as well as Los Angeles County, the region, to State law.

COUNTY PROPOSITIONS "A" AND "B" ELECTED MAYOR AND SIZE OF THE BOARD OF SUPERVISORS

(62,COM,R) October, 1976, p.23

This report gives a detailed analysis of Proposition "A." The Commission believed that the advantages of Proposition "A" outweighed the disadvantages. Findings and conclusions were also reached on Proposition "B" from those Commission members who supported this measure.

PROS AND CONS ON PROPOSITION "A" AND PROPOSITION "B"

(61,COM,P) September, 1976, p.20

This is a Task Force position paper on the major advantages and disadvantages of Propositions "A" and Proposition "B." Proposition "A" dealt with an elective county executive; Proposition "B" with increasing the size of the Board. The Task Force recommended that the Commission support Proposition "A."

SUMMARY REPORT ON THE ACTIVITIES OF THE ECONOMY & EFFICIENCY COMMISSION

(60,COM,R) September, 1976, p.11

The Commission reported on its activities, specifying in detail its duties, method of operation and qualifications of its members. This report described the Commission's operation, and summarized each of the major reports and actions taken on Commission recommendations.

ELIMINATING AUTOMATIC STEP INCREASES CONTROLLING SUPERVISORY COSTS IN LOS ANGELES COUNTY

(59, BOS, R) September, 1976, p.38

This is the second in a series of reports covering issues involving the County agency and local government structure, effectiveness of County services, and debt planning and control. (The first report was THE NEW YORK CITY CRISIS AND LOS ANGELES COUNTY GOVERNMENT: Organization, Employment, and Compensation (Reference: #56). This report demonstrated that the Board direct the CAO and the Department of Personnel to eliminate the automatic step increase plan for all employees. It was also recommended that the Board direct the CAO to conduct detailed studies of supervisory levels in each County department and to include study results, plans for improvement, and their impact on costs in the budget recommendations for the next fiscal year and subsequent years.

COUNTY PROPOSITION "B"

(58, COM, P) June, 1976, p.3

This Commission position paper states unanimous opposition to Proposition "B." The proposition would remove department heads from civil service; also eliminate the charter requirement for open competitive examinations and merit system selection for these positions. The Commission expressed concern that the measure would politicize the process of selecting County executives who have substantial power and influence over the selection of contractors, regulation of business and development, and expenditures of millions of public dollars. The Commission also noted that it voted to reconsider executive appointment and dismissal procedures as they relate to the proposal for an elected mayor. The Board may place this on the November ballot.

This letter to the Board resulted from a ruling by Judge Norman R. Dowds of the Superior Court on March 18, 1975. The ruling stated that the orders of the Employee Relations Commission are to be treated as advisory only. This makes the operation essentially meaningless, and renders the County's bargaining system inoperable or at least seriously impaired. In light of this ruling, the Commission made two recommendations to the Board: to instruct county management to comply with Employee Relations Committee orders, unless otherwise directed by the Board; and, that the Board amend the Employee Relations ordinance to include additional language stating that orders shall have the force and effect of law.

**COUNTY CHIEF EXECUTIVE AND SIZE OF THE BOARD OF SUPERVISORS**

Two amendments to the County Charter were proposed by the Board dealing with the size of the Board and the creation of an elected County Chief Executive. AUDIT FUNCTION FOR THE BOARD OF SUPERVISORS

(29, COM, P) April, 1973, p.3

The Commission responded to a recommendation by Supervisor that the Board implement a separate Audit division whose function would be similar to that of the United States General Accounting Office. The Commission pointed out that such a function would not be truly independent, like the GAO in Washington, and that such independence could only be achieved by creating an executive office separate from the Board.

The Commission studied the County’s administration and management of its facility construction program. Volume I presents findings and conclusions and descriptions of the 18 specific recommendations.
At the request of the Board of Supervisors, the Commission reviewed two proposed amendments to the County charter. The Task Force recommended that an amendment be placed on the November ballot allowing the County to hold open competitive examinations for department heads and their chief deputies unless unusual circumstances clearly do not justify it. The Task Force advised against placing such controversial issues as enlargement of the Board of Supervisors, establishment of an elected County Chief Executive, and deletion of the prevailing wage clause on the ballot at that time.

The Public Administrator—Public Guardian would act as a sixth member of the Commission, but would have no vote.

At the request of the Board, the Commission submitted recommendations to establish an effective management control system that would effectively deal with departmental problems, mismanagement, waste and delays. The report recommended the establishment of a Policy and Management Commission to institute an effectively functioning department of Public Administrator—Public Guardian through the creation of proper systems, procedures, and controls.

COUNTY PERSONNEL ORGANIZATION AND ADMINISTRATION

(6,BOS,R) July, 1966, p.9

The Commission recommended an implementation program for the consolidation of all personnel functions into a single agency. This could be accomplished by amending the Charter to divest the Civil Service Commission of its responsibilities for administrative direction in the Civil Service Department. Chief administrative responsibility should go to the Secretary and the Chief Examiner. The creation of an Employee Relations Division within the department should be established, and clear functions for the Civil Service Commission in these matters should be extended to all appropriate functions in the County.

PRODUCTIVITY IN COUNTY DEPARTMENTS

(2,BOS,R) October, 1985, p.11

The report addressed four areas for organizational improvements: span of control, grouping of activities-consolidation and separation, advisory boards, committees and commissions, and delegation of authority and responsibility. The report made recommendations for improving the County's organizational structure. This included a formalized Organization Planning Function within the CAO's office to direct continuous coordination and improvement efforts.
